Dept MR 6717

PO Box, 55813

September 13, 2013

Dear Mr. Sampson:

This letter is in response to your email dated September 12, 2013 requesting a list of all violations recorded by the city of Boston for tenants or landlords breaking the "No More than Four" zoning bylaws for the time period of September 1, 2011 – date request is processed.

Please be advised that the Inspectional Services Department (ISD) tracks any and all information by address. Unfortunately, the ISD would not be able to produce a list of violations based on the "no more than four" zoning by-laws. However, if you are able to provide this department with a list of addresses I would be able to provide you with copies of requested documents.

If you have additional questions I can be reached at 617-961-3429.

Sincerely,

Lisa M. Timberlake
